

Calling all Volunteers for Dorothy Dean's "Clean Sweep"

KICKOFF--- this Saturday morning (9/3/2016), 8:00am. We will gather at the Dairy Queen on Lake Harbin Road (across from MPD). From there the group will proceed along Lake Harbin will head toward the city limit and see how far we get. Lake Harbin is a primary artery most of us traverse multiple times daily so cleaning up there will make a huge impact. Also, if we get a lot of volunteers out, it will publicize our effort and inspire others to do the same in front of their own homes.

We can make our streets reflect the pride and prosperity we enjoy here.

So spend a few hours this Saturday morning, stretch your legs, and help us give this idea the kickoff it deserves! Bring your work gloves, don't forget bug repellent for the damp shady stretches & sun screen for the sunny spots.
